## **Hot off the press!**

### **Celebrate World Milk Day!**

**Celebrate World Milk Day on June 1st! A global celebration organized by the United Nations (Food & Agricultural Organization or FAO), this is a day to celebrate the people who provide us with such essential nutrients. Each and every day, dairy animals provide us with delightful and nutritious products that make us stronger and help us to live longer!**

**Whether you lift a glass of cold milk as a toast on June 1st or enjoy an ice cream or perhaps some good cheese, let us all celebrate!**

**So many people have been working so hard to keep us well – health care workers, grocery store staff, drivers bringing in goods to keep the shelves stocked.**

**Let us remember those people as well who care for the crops and the animals, bringing healthy, nutrient rich, products to us!  
Cheers!**
