Celebrate good times: 50th anniversary of Earth Day!

As Spring comes to New England, we just must smile. Flowers begin to bloom, the grass turns green again and tiny, little leaves burst forth from the branches. What better thing to do than celebrate the 50th anniversary of Earth Day!

Our dairy customers celebrate the health and welfare of our Earth each and every day, in some truly amazing ways! They strive to implement sustainable activities that help heal the Earth. They provide for creatures that bring us nutritious (and delicious) sustenance (chocolate milk, yummy yogurt, chunks of cheese).

So celebrate the Earth today! It's our home and we need to keep her well!
