### **Opting For Optimism**

**Opting for Optimism! Half Full Dairy believes in focusing on the positive! Jeanne and A.P. believe that this positive perspective is empowering! The couple and their children, Kayla and Zach, have risen to the challenge! They milk 1800 cows three times a day and 3 different locations and produce A2 milk!**

**They also care for crop operations to provide proper nutrition for their cows. This is especially dedicated and responsible herd management from 'newbies' to dairy farming!**

**Hoard's Dairyman (August 25, 2020) observes that "The Wormuths are looking toward the future with the same optimistic attitude they carry today"<sup>1</sup>**

**We all should do the same, especially in these challenging times!**
